THE FUND

The Fund is a diversified series of THOR Financial Technologies Trust, a Delaware statutory trust organized on April 11, 2022 (the “Trust”). The Trust is registered as an open-end management investment company. The Trust is governed by its Board of Trustees (the “Board” or “Trustees”). The Fund is managed by THOR Analytics, LLC dba THOR Financial Technologies, LLC (the “Adviser”). The Trust is comprised of two series. The Board may establish other series and offer shares of a new fund under the Trust at any time.

The Fund may issue an unlimited number of shares of beneficial interest (“Shares”). All Shares have equal rights and privileges. Each Share is entitled to one vote on all matters as to which Shares are entitled to vote. In addition, each Share is entitled to participate equally with other Shares (i) in dividends and distributions declared by the Fund and (ii) on liquidation to its proportionate share of the assets remaining after satisfaction of outstanding liabilities. Shares are fully paid, non-assessable and fully transferable when issued and have no pre-emptive, conversion or exchange rights.

The Fund issues and redeems Shares at net asset value (“NAV”) only in aggregations of 10,000 Shares (each a “Creation Unit”). The Fund issues and redeems Creation Units principally in exchange for a basket of securities (the “Deposit Securities”), together with the deposit of a specified cash payment (the “Cash Component”), plus a transaction fee (unless waived). Shares of the Fund are listed, subject to notice of issuance, on the New York Stock Exchange (“NYSE” or the “Exchange”). Shares trade on the Exchange at market prices that may be below, at, or above NAV.

The Fund reserves the right to offer creations and redemptions of Shares for cash. In each instance of such cash creations or redemptions, transaction fees, may be imposed and may be higher than the transaction fees associated with in-kind creations or redemptions. See PURCHASE, REDEMPTION AND PRICING OF SHARES below.

Exchange Listing and Trading

Shares are listed for trading, and trade throughout the day, on the Exchange. There can be no assurance that the requirements of the Exchange necessary to maintain the listing of Shares will continue to be met.

The Exchange may, but is not required to, remove Shares from listing under certain circumstances, including if: (1) following the initial twelve-month period beginning upon the commencement of trading of the Fund, there are fewer than 50 beneficial holders of Shares; (2) the Exchange has halted trading in Shares because the NAV is not disseminated to all market participants at the same time, the holdings of the Fund are not made available on at least a quarterly basis as required by the Investment Company Act of 1940, as amended (the “1940 Act”), or such holdings are not made available to all market participants at the same time pursuant to the rules applicable to the Exchange and such issue persists past the trading day in which it occurred; (3) the Exchange has halted trading in Shares pursuant to the rules applicable to the Exchange and such issue persists past the trading day in which it occurred; (4) the Trust has failed to file any filings required by the U.S. Securities and Exchange Commission (“SEC”) or the Exchange is aware that the Trust is not in compliance with the conditions of any exemptive order or no-action relief granted by the SEC to the Trust with respect to the Fund; (5) any of the continued listing requirements set forth in rules applicable to the Exchange are not continuously maintained; (6) any of the applicable continued listing representations for the Fund are not continuously met; or (7) such other event shall occur or condition exists that, in the opinion of the Exchange, makes further dealings on the Exchange inadvisable. In addition, the Exchange will remove Shares from listing and trading upon termination of the Trust or the Fund.

The Exchange will also remove shares of the Fund from listing and trading upon termination of the Fund or in the event the Fund does not comply with the continuous listing standards of the Exchange.

As in the case of other publicly-traded securities, when you buy or sell shares of the Fund through a broker, you may incur a brokerage commission determined by that broker, as well as other charges.

TYPES OF INVESTMENTS

A discussion of the Fund's investment policies and the risks associated with an investment in the Fund is contained in the Prospectus. The discussion below supplements, and should be read in conjunction with, the Prospectus.

An investment in the Fund should be made with an understanding that the value of the Fund's portfolio securities may fluctuate in accordance with changes in the financial condition of the issuers of the portfolio securities, the value of securities in general and other factors that affect the market.

An investment in the Fund should be made with an understanding of the risks inherent in an investment in securities, including the risk that the general condition of the securities market may deteriorate. Securities are susceptible to general securities market fluctuations and to volatile increases and decreases in value as market confidence changes. These investor perceptions are based on various and unpredictable factors, including expectations regarding government, economic, monetary and fiscal policies, inflation and interest rates, economic expansion or contraction, and global or regional political, economic or banking crises.

The existence of a liquid trading market for certain securities may depend on whether dealers will make a market in such securities. There can be no assurance that a market will be made or maintained or that any such market will be or remain liquid. The price at which securities may be sold and the value of the Shares will be adversely affected if trading markets for the Fund's portfolio securities are limited or absent, or if bid/ask spreads are wide. The performance of the Fund may vary due to asset valuation differences. The Fund may fair value certain of the securities it holds, although it is not expected that securities will need to be fair valued because all of the portfolio securities (other than money market instruments) will be exchange-traded on a regulated, U.S. exchange. There may also be differences between the Fund's portfolio as a result of legal restrictions, cost or liquidity constraints. Similarly, liquidity constraints also may delay the Fund's purchase or sale of securities.

Securities of Other Investment Companies

The Fund may invest in securities issued by other investment companies. The Fund intends to limit its investments in accordance with applicable law or as permitted by Rule 12d1-4 under the 1940 Act. Among other things, such law would limit these investments so that, as determined immediately after a securities purchase is made by the Fund: (a) not more than 5% of the value of its total assets will be invested in the securities of any one investment company (the "5% Limitation"); (b) not more than 10% of the value of its total assets will be invested in the aggregate in securities of investment companies as a group (the "10% Limitation"); (c) not more than 3% of the outstanding voting stock of any one investment company will be owned by the Fund (the "3% Limitation"); and (d) not more than 10% of the outstanding voting stock of any one closed-end investment company will be owned by the Fund together with all other investment companies that have the same advisor. Under certain sets of conditions, different sets of restrictions may be applicable. As a shareholder of another investment company, the Fund would bear, along with other shareholders, its proportionate share of that investment company's expenses, including advisory fees. These expenses would be in addition to the advisory and other expenses that the Fund bears directly in connection with its own operations. Investment companies in which the Fund may invest may also impose a sales or distribution charge in connection with the purchase or redemption of their shares and other types of commissions or charges. Such charges will be payable by the Fund and, therefore, will be borne directly by the Fund's shareholders.

To the extent applicable, the Fund also intends to rely on Section 12(d)(1)(F) and Rule 12d1-4 under the 1940 Act which in conjunction with one another allow registered investment companies (such as the Fund) to exceed the 3%, 5% and 10% limitations, provided the aggregate sales loads any investor pays (i.e., the combined distribution expenses of both the acquiring fund and the acquired funds) do not exceed the limits on sales loads established by Financial Industry Regulatory Authority ("FINRA") for funds of funds, and the registered investment company "mirror votes" any securities purchased pursuant to Section 12(d)(1)(F).

Exchange Traded Funds ("ETFs")

ETFs are often passive funds that track their related index and have the flexibility of trading like a security. They are managed by professionals and typically provide the investor with diversification, cost and tax efficiency, liquidity, marginability, are useful for hedging, have the ability to go long and short, and some provide quarterly dividends. Additionally, some ETFs are unit investment trusts.

ETFs have two markets. The primary market is where institutions swap “creation units” in block-multiples of, for example, 25,000 shares for in-kind securities and cash in the form of dividends. The secondary market is where individual investors can trade as little as a single share during trading hours on the exchange. This is different from open-ended mutual funds that are traded after hours once the NAV is calculated. ETFs share many similar risks with open-end and closed-end funds.

When the Fund invests in sector ETFs, there is a risk that securities within the same group of industries will decline in price due to sector-specific market or economic developments. If the Fund invests more heavily in a particular sector, the value of its shares may be especially sensitive to factors and economic risks that specifically affect that sector. As a result, the Fund's share price may fluctuate more widely than the value of shares of a mutual fund that invests in a broader range of industries. Additionally, some sectors could be subject to greater government regulation than other sectors. Therefore, changes in regulatory policies for those sectors may have a material effect on the value of securities issued by companies in those sectors. The sectors in which the Fund may be more heavily invested will vary.

There is a risk that the underlying ETFs in which the Fund invests may terminate due to extraordinary events that may cause any of the service providers to the ETFs, such as the trustee or sponsor, to close or otherwise fail to perform their obligations to the ETF. Also, because the ETFs in which the Fund intends to invest may be granted licenses by agreement to use the indices as a basis for determining their compositions and/or otherwise to use certain trade names, the ETFs may terminate if such license agreements are terminated. In addition, an ETF may terminate if its entire net asset value falls below a certain amount. Although the Fund believes that, in the event of the termination of an underlying ETF the Fund will be able to invest instead in shares of an alternate ETF tracking the same market index or another market index with the same general market, there is no guarantee that shares of an alternate ETF would be available for investment at that time. To the extent the Fund invests in a sector product, the Fund will be subject to the risks associated with that sector.

Concentration of Investments

The Fund may be susceptible to an increased risk of loss, including losses due to adverse events that affect the Fund's investments more than the market as a whole, to the extent that the Fund's investments are concentrated in the securities of a particular issuer or issuers, country, group of countries, region, market, industry, group of industries, sector or asset class. Shares are subject to the risks of an investment in a portfolio of equity securities in an industry or group of industries in which the Fund invests.

Equity Securities

Equity securities in which the Fund is permitted to invest include common stocks and preferred stocks. The value of equity securities varies in response to many factors, including the activities and financial condition of individual companies, the business market in which individual companies compete and general market and economic conditions. Equity securities fluctuate in value, often based on factors unrelated to the value of the issuer of the securities, and such fluctuations can be significant.

Common Stock

Common stock represents an equity (ownership) interest in a company, and usually possesses voting rights and earns dividends. Dividends on common stock are not fixed but are declared at the discretion of the issuer. Common stock generally represents the riskiest investment in a company. In addition, common stock generally has the greatest appreciation and depreciation potential because increases and decreases in earnings are usually reflected in a company's stock price.

Preferred Stock

Preferred stock is a class of stock having a preference over common stock as to the payment of dividends and the recovery of investment should a company be liquidated, although preferred stock is usually junior to the debt securities of the issuer. Preferred stock typically does not possess voting rights and its market value may change based on changes in interest rates.

A fundamental risk of investing in common and preferred stock is the risk that the value of the stock might decrease. Stock values fluctuate in response to the activities of an individual company or in response to general market and/or economic conditions. Historically, common stocks have provided greater long-term returns and have entailed greater short-term risks than preferred stocks, fixed-income securities and money market investments. The market value of all securities, including common and preferred stocks, is based upon the market's perception of value and not necessarily the book value of an issuer or other objective measures of a company's worth.

Company-Specific Risk

The possibility that a particular stock may lose value due to factors specific to the company itself, including deterioration of its fundamental characteristics, an occurrence of adverse events at the company, or a downturn in its business prospects.

Exchange Traded Notes

The Fund generally may not invest in bonds although it may invest in exchange traded notes. Exchange listed notes are a fixed income instrument whose interest and/or principal is linked to the value of one or more other assets, such as equities.

An issuer of an exchange traded note may have the right to redeem or "call" the note before maturity, in which case a fund may have to reinvest the proceeds at lower market rates. Exchange traded notes are unsecured (backed only by the issuer's general creditworthiness). There is a risk that the issuers of the securities may not be able to meet their obligations on interest or principal payments at the time called for by an instrument.

Real Estate Investment Trusts

The Fund may invest in securities of real estate investment trusts ("REITs"). REITs are publicly traded corporations or trusts that specialize in acquiring, holding and managing residential, commercial or industrial real estate. A REIT is not taxed at the entity level on income distributed to its shareholders or unitholders if it distributes to shareholders or unitholders at least 95% of its taxable income for each taxable year and complies with regulatory requirements relating to its organization, ownership, assets and income.

REITs generally can be classified as "Equity REITs", "Mortgage REITs" and "Hybrid REITs." An Equity REIT invests the majority of its assets directly in real property and derives its income primarily from rents and from capital gains on real estate appreciation, which are realized through property sales. A Mortgage REIT invests the majority of its assets in real estate mortgage loans and services its income primarily from interest payments. A Hybrid REIT combines the characteristics of an Equity REIT and a Mortgage REIT. Although the Fund can invest in all three kinds of REITs, its emphasis is expected to be on investments in Equity REITs.

Investments in the real estate industry involve particular risks. The real estate industry has been subject to substantial fluctuations and declines on a local, regional and national basis in the past and may continue to be in the future. Real property values and income from real property continue to be in the future. Real property values and income from real property may decline due to general and local economic conditions, overbuilding and increased competition, increases in property taxes and operating expenses, changes in zoning laws, casualty or condemnation losses, regulatory limitations on rents, changes in neighborhoods and in demographics, increases in market interest rates, or other factors. Factors such as these may adversely affect companies that own and operate real estate directly, companies that lend to such companies, and companies that service the real estate industry.

Investments in REITs also involve risks. Equity REITs will be affected by changes in the values of and income from the properties they own, while Mortgage REITs may be affected by the credit quality of the mortgage loans they hold. In addition, REITs are dependent on specialized management skills and on their ability to generate cash flow for operating purposes and to make distributions to shareholders or unitholders REITs may have limited diversification and are subject to risks associated with obtaining financing for real property, as well as to the risk of self-liquidation. REITs also can be adversely affected by their failure to qualify for tax-free pass-through treatment of their income under the Internal Revenue Code of 1986, as amended (the "Tax Code"), or their failure to maintain an exemption from registration under the 1940 Act. By investing in REITs indirectly through the Fund, a shareholder bears not only a proportionate share of the expenses of the Fund, but also may indirectly bear similar expenses of some of the REITs in which it invests.

United States Government Obligations

These consist of various types of marketable securities issued by the United States Treasury, i.e., bills, notes and bonds. Such securities are direct obligations of the United States government and differ mainly in the length of their maturity. Treasury bills, the most frequently issued marketable government security, have a maturity of up to one year and are issued on a discount basis.

Repurchase Agreements

The Fund may enter into repurchase agreements. In a repurchase agreement, an investor (such as the Fund) purchases a security (known as the “underlying security”) from a securities dealer or bank. Any such dealer or bank must be deemed creditworthy by the Adviser. At that time, the bank or securities dealer agrees to repurchase the underlying security at a mutually agreed upon price on a designated future date. The repurchase price may be higher than the purchase price, the difference being income to the Fund, or the purchase and repurchase prices may be the same, with interest at an agreed upon rate due to the Fund on repurchase. In either case, the income to the Fund generally will be unrelated to the interest rate on the underlying securities. Repurchase agreements must be “fully collateralized,” in that the market value of the underlying securities (including accrued interest) must at all times be equal to or greater than the repurchase price. Therefore, a repurchase agreement can be considered a loan collateralized by the underlying securities.

Repurchase agreements are generally for a short period of time, often less than a week, and will generally be used by the Fund to invest excess cash or as part of a temporary defensive strategy. In the event of a bankruptcy or other default by the seller of a repurchase agreement, the Fund could experience both delays in liquidating the underlying security and losses. These losses could result from: (a) possible decline in the value of the underlying security while the Fund is seeking to enforce its rights under the repurchase agreement; (b) possible reduced levels of income or lack of access to income during this period; and (c) expenses of enforcing its rights.

Trading in Futures Contracts

The Fund may invest in exchange traded futures contracts that reference a security or index comprised of securities that the Fund may invest in directly, or that provide returns of a sector index. A futures contract provides for the future sale by one party and purchase by another party of a specified amount of a specific financial instrument (e.g., units of a stock index) for a specified price, date, time and place designated at the time the contract is made. Brokerage fees are paid when a futures contract is bought or sold, and margin deposits must be maintained. Entering into a contract to buy is commonly referred to as buying or purchasing a contract or holding a long position. Entering into a contract to sell is commonly referred to as selling a contract or holding a short position.

Unlike when the Fund purchases or sells a security, no price would be paid or received by the Fund upon the purchase or sale of a futures contract. Upon entering into a futures contract, and to maintain the Fund’s open positions in futures contracts, the Fund would be required to deposit with its custodian or futures broker in a segregated account in the name of the futures broker an amount of cash, U.S. government securities, suitable money market instruments, or other liquid securities, known as “initial margin.” The margin required for a particular futures contract is set by the exchange on which the contract is traded and may be significantly modified from time to time by the exchange during the term of the contract. Futures contracts are customarily purchased and sold on margins that may range upward from less than 5% of the value of the contract being traded.

If the price of an open futures contract changes (by increase in underlying instrument or index in the case of a sale or by decrease in the case of a purchase) so that the loss on the futures contract reaches a point at which the margin on deposit does not satisfy margin requirements, the broker will require an increase in the margin. However, if the value of a position increases because of favorable price changes in the futures contract so that the margin deposit exceeds the required margin, the broker will pay the excess to the Fund.

These subsequent payments, called “variation margin,” to and from the futures broker, are made on a daily basis as the price of the underlying assets fluctuate making the long and short positions in the futures contract more or less valuable, a process known as “marking to the market.” The Fund expects to earn interest income on margin deposits.

Although certain futures contracts, by their terms, require actual future delivery of and payment for the underlying instruments, in practice most futures contracts are usually closed out before the delivery date. Closing out an open futures contract purchase or sale is effected by entering into an offsetting futures contract sale or purchase, respectively, for the same aggregate amount of the identical underlying instrument or index and the same delivery date. If the offsetting purchase price is less than the original sale price, the Fund realizes a gain; if it is more, the Fund realizes a loss. Conversely, if the offsetting sale price is more than the original purchase price, the Fund realizes a gain; if it is less, the Fund realizes a loss. The transaction costs must also be included in these calculations. There can be no assurance, however, that the Fund will be able to enter into an offsetting transaction with respect to a particular futures contract at a particular time. If the Fund is not able to enter into an offsetting transaction, the Fund will continue to be required to maintain the margin deposits on the futures contract.

INVESTMENT RESTRICTIONS

The Fund has adopted the following investment restrictions that may not be changed without approval by a “majority of the outstanding shares” of the Fund, which, as used in this SAI, means the vote of the lesser of (a) 67% or more of the shares of the Fund represented at a meeting, if the holders of more than 50% of the outstanding shares of the Fund are present or represented by proxy, or (b) more than 50% of the outstanding shares of the Fund. The Fund may not:

1. Issue senior securities, except as otherwise permitted under the 1940 Act, and the rules and regulations promulgated thereunder, which allow a borrowing from a bank where the Fund maintains an asset coverage ratio of at least 300% while the borrowing is outstanding;
2. Borrow money, except (a) from a bank, provided that immediately after such borrowing there is an asset coverage of 300% for all borrowings of the Fund; or (b) from a bank or other persons for temporary purposes only, provided that such temporary borrowings are in an amount not exceeding 5% of the Fund’s total assets at the time when the borrowing is made. This limitation does not preclude the Fund from entering into reverse repurchase transactions, provided that the Fund has an asset coverage of 300% for all borrowings and repurchase commitments of the Fund pursuant to reverse repurchase transactions;
3. Purchase securities on margin, participate on a joint or joint and several basis in any securities trading account, or underwrite securities. This limitation does not preclude the Fund from obtaining such short-term credit as may be necessary for the clearance of purchases and sales of its portfolio securities, and except to the extent that the Fund may be deemed an underwriter under the Securities Act, by virtue of disposing of portfolio securities;
4. Purchase or sell real estate or interests in real estate. This limitation is not applicable to investments in marketable securities that are secured by or represent interests in real estate. This limitation does not preclude the Fund from investing in mortgage-related securities or investing in companies engaged in the real estate business or that have a significant portion of their assets in real estate (including REITs);
5. Purchase or sell commodities (unless acquired as a result of ownership of securities or other investments) or commodity futures contracts, except that the Fund may purchase and sell futures contracts and options to the full extent permitted under the 1940 Act, sell foreign currency contracts in accordance with any rules of the Commodity Futures Trading Commission, invest in securities or other instruments backed by commodities, and invest in companies that are engaged in a commodities business or have a significant portion of their assets in commodities;
6. Invest more than 25% of the market value of its assets in the securities of companies engaged in any one industry or group of industries. This limitation does not apply to investment in the securities of the U.S. government, its agencies or instrumentalities; or
7. Make loans to others, except that the Fund may, in accordance with its investment objective and policies, (i) lend portfolio securities, (ii) purchase and hold debt securities or other debt instruments, including but not limited to loan participations and sub-participations, assignments, and structured securities, (iii) make loans secured by mortgages on real property, (iv) enter into repurchase agreements, (v) enter into transactions where each loan is represented by a note executed by the borrower, and (vi) make time deposits with financial institutions and invest in instruments issued by financial institutions. For purposes of this limitation, the term “loans” shall not include the purchase of a portion of an issue of publicly distributed bonds, debentures or other securities.

If a restriction on the Fund’s investments is adhered to at the time an investment is made, a subsequent change in the percentage of Fund assets invested in certain securities or other instruments of the Fund’s investment portfolio, resulting from changes in the value of the Fund’s total assets, will not be considered a violation of the restriction; provided, however, that the asset coverage requirement applicable to borrowings shall be maintained in the manner contemplated by applicable law.

With respect to fundamental investment limitation #2 above, if the Fund’s asset coverage falls below 300%, the Fund will reduce borrowing within 3 days in order to ensure that the Fund has 300% asset coverage.

Although fundamental investment limitation #7 reserves for the Fund the ability to make loans, there is no present intent to loan money or portfolio securities and additional disclosure will be provided if such a strategy is implemented in the future.

In addition, the Fund has elected to be classified as a diversified fund as defined by the 1940 Act, which election may not be changed without approval by a “majority of the outstanding shares” of the Fund as described above.

POLICIES AND PROCEDURES FOR DISCLOSURE OF PORTFOLIO HOLDINGS

The Trust has adopted a policy regarding the disclosure of information about the Fund's portfolio holdings. The Fund and its service providers may not receive compensation or any other consideration (which includes any agreement to maintain assets in the Fund or in other investment companies or accounts managed by the Adviser or any affiliated person of the Adviser) in connection with the disclosure of portfolio holdings information of the Fund. The Trust's policy is implemented and overseen by the Chief Compliance Officer of the Trust, subject to the oversight of the Board. Periodic reports regarding these procedures will be provided to the Board. The Trust, the Adviser and the Distributor (as defined below) will not disseminate non-public information concerning the Trust. The Board must approve all material amendments to this policy.

Each business day, the Fund's portfolio holdings information will generally be provided for dissemination through the facilities of the National Securities Clearing Corporation ("NSCC") and/or other fee-based subscription services to NSCC members and/or subscribers to those other fee-based subscription services, including Authorized Participants (as defined below), and to entities that publish and/or analyze such information in connection with the process of purchasing or redeeming Creation Units or trading shares of the Fund in the secondary market. This information typically reflects the Fund's anticipated holdings as of the next Business Day (as defined below).

Access to information concerning the Fund's portfolio holdings may be permitted to personnel of third-party service providers, including the Fund's custodian, transfer agent, auditors and counsel, as may be necessary to conduct business in the ordinary course in a manner consistent with such service providers' agreements with the Trust on behalf of the Fund.

Portfolio holdings information made available in connection with the creation/redemption process may be provided to other entities that provide services to the Fund in the ordinary course of business after it has been disseminated to the NSCC. From time to time, information concerning portfolio holdings other than portfolio holdings information made available in connection with the creation/redemption process, as discussed above, may be provided to other entities that provide services to the Fund, including rating or ranking organizations, in the ordinary course of business, no earlier than one business day following the date of the information.

The Fund discloses on its website at www.thorfund.com at the start of each Business Day the identities and quantities of the securities and other assets held by the Fund that will form the basis of the Fund's calculation of its NAV on that Business Day. The portfolio holdings so disclosed will be based on information as of the close of business on the prior Business Day and/or trades that have been completed prior to the opening of business on that Business Day and that are expected to settle on that Business Day. The Fund may also concurrently disclose this portfolio holdings information directly to ratings agencies on a daily basis.

Quarterly Portfolio Schedule. The Trust is required to disclose, after its first and third fiscal quarters, the complete schedule of the Fund's portfolio holdings with the SEC on Form N-PORT. The Trust discloses a complete schedule of the Fund's portfolio holdings with the SEC on Form N-CSR after its second and fourth quarters.

Form N-PORT and Form N-CSR for the Fund is available on the SEC's website at www.sec.gov. The Fund's Form N-PORT and Form N-CSR are available without charge, upon request, by calling 1-800-974-6964, visiting the Fund's website at www.thorfund.com or by writing to: THOR Equal Weight Low Volatility ETF, c/o Ultimus Fund Solutions, LLC, 225 Pictoria Drive, Suite 450, Cincinnati, OH 45246.

The Adviser. Personnel of the Adviser, including personnel responsible for the management of the Fund's portfolio, may have full daily access to Fund portfolio holdings since that information is necessary in order for the Adviser to provide its management, administrative, and investment services to the Fund. As required for purposes of analyzing the impact of existing and future market changes on the prices, availability, as demand and liquidity of such securities, as well as for the assistance of portfolio managers in the trading of such securities, Adviser personnel may also release and discuss certain portfolio holdings with various broker-dealers.

The Administrator. Ultimus Fund Solutions, LLC is the fund accountant, administrator and custody administrator for the Fund; therefore, its personnel have full daily access to the Fund's portfolio holdings since that information is necessary in order for them to provide the agreed-upon services for the Trust.

The Custodian. Brown Brothers Harriman & Co. is the custodian and transfer agent for the Fund; therefore, its personnel have full daily access to the Fund's portfolio holdings since that information is necessary in order for them to provide the agreed-upon services for the Trust.

The Auditor. Cohen & Company, Ltd. (“Cohen”) is the Fund’s independent registered public accounting firm; therefore, its personnel have access to the Fund’s portfolio holdings in connection with auditing of the Fund’s annual financial statements and providing assistance and consultation in connection with SEC filings.

Legal Counsel. Thompson Hine LLP is counsel to the Fund; therefore, its personnel have access to the Fund’s portfolio holdings in connection with review of the Fund’s annual and semi-annual shareholder reports and SEC filings.

Additions to List of Approved Recipients

The Trust’s Chief Compliance Officer is the person responsible, and whose prior approval is required, for any disclosure of the Fund’s portfolio securities at any time or to any persons other than those described above. In such cases, the recipient must have a legitimate business need for the information and must be subject to a duty to keep the information confidential. There are no ongoing arrangements in place with respect to the disclosure of portfolio holdings. In no event shall the Fund, the Adviser, or any other party receive any direct or indirect compensation in connection with the disclosure of information about the Fund’s portfolio holdings.

Compliance with Portfolio Holdings Disclosure Procedures

The Trust’s Chief Compliance Officer will report periodically to the Board with respect to compliance with the Fund’s portfolio holdings disclosure procedures, and from time to time will provide the Board any updates to the portfolio holdings disclosure policies and procedures.

There is no assurance that the Trust’s policies on disclosure of portfolio holdings will protect the Fund from the potential misuse of holdings information by individuals or firms in possession of that information.

MANAGEMENT

The business of the Trust is managed under the direction of the Board in accordance with the Agreement and Declaration of Trust and the Trust’s By-laws (the “Governing Documents”), which have been filed with the SEC and are available upon request. The Board consists of four individuals, three of whom are not “interested persons” (as defined under the 1940 Act) of the Trust or any investment adviser to any series of the Trust (“Independent Trustees”). Pursuant to the Governing Documents, the Trustees shall elect officers including a President, a Secretary, a Treasurer, a Principal Executive Officer and a Principal Accounting Officer. The Board retains the power to conduct, operate and carry on the business of the Trust and has the power to incur and pay any expenses, which, in the opinion of the Board, are necessary or incidental to carry out any of the Trust’s purposes. The Trustees, officers, employees and agents of the Trust, when acting in such capacities, shall not be subject to any personal liability except for his or her own bad faith, willful misfeasance, gross negligence or reckless disregard of his or her duties.

Board Leadership Structure

The Trust is led by Bradley Roth, who has served as the Chairman of the Board since June 2022. The Independent Trustees constitute a majority of the Board and under certain 1940 Act governance guidelines that apply to the Trust, the Independent Trustees meet in executive session, at least quarterly. Under the Governing Documents, the Chairman of the Board is responsible for (a) presiding at board meetings, (b) calling special meetings on an as-needed basis, (c) executing and administering of Trust policies including (i) setting the agendas for board meetings and (ii) providing information to board members in advance of each board meeting and between board meetings. The Trust believes that its Chairman, the independent chair of the Audit Committee, and, as an entity, the full Board, provide effective leadership that is in the best interests of the Trust, its fund and each shareholder.

Board Risk Oversight

The Board has a standing independent Audit Committee and Nominating and Governance Committee, each with a separate chair. The Board is responsible for overseeing risk management, and the full Board regularly engages in discussions of risk management and receives compliance reports that inform its oversight of risk management from its Chief Compliance Officer at quarterly meetings and on an ad hoc basis, when and if necessary. The Audit Committee considers financial and reporting risk within its area of responsibilities. Generally, the Board believes that its oversight of material risks is adequately maintained through the compliance-reporting chain where the Chief Compliance Officer is the primary recipient and communicator of such risk-related information. The primary purposes of the Nominating and Governance Committee are to consider and evaluate the structure, composition and operation of the Board, to evaluate and recommend individuals to serve on the Board of the Trust, and to

consider and make recommendations relating to the compensation of the Trust's independent trustees. The Nominating and Governance Committee may consider recommendations for candidates to serve on the Board from any source it deems appropriate.

Trustee Qualifications

Generally, the Trust believes that each Trustee is competent to serve because of their individual overall merits including: (i) experience, (ii) qualifications, (iii) attributes and (iv) skills.

Bradley Roth, CFP. Mr. Roth has significant experience in the asset management and financial services industry. He is a co-founder and managing member of THOR Financial Technologies, LLC and currently serves as its Chief Investment Officer. He is a Partner and Licensed Insurance Agent at McDowell Associates, which provides insurance brokerage and investment management services for individuals and businesses. Mr. Roth was previously a managing partner and co-founder of Sardonyx Capital Management, LLC and Sardonyx Capital Advisors, LLC, where he led a quantitative securities fund. Mr. Roth possesses an in depth understanding of investment advisory services from over a decade of trading experience, with seven of these years spent as a professional trading advisor. Mr. Roth holds a bachelor's degree in business administration from Duquesne University. In addition, Mr. Roth is licensed under Series 66 and Series 3 of FINRA, and examination qualified for Pennsylvania Property & Casualty, Life, Health, and Accident insurance. This practical and extensive experience in the securities industry provides valuable insight into fund operations and investment advisers and enhances his ability to effectively serve as chairman of the Board.

Akhil Lodha. Mr. Lodha has extensive experience in the financial technology industry with a deep understanding of option strategies, electronic trading, quantitative trading strategies and machine learning. He is the co-founder of StratiFi Technologies Inc. ("StratiFi"), a risk management platform that utilizes advanced technology, and currently serves as its Chief Executive Officer. Prior to StratiFi, Mr. Lodha co-founded Sliced Investing Advisers, LLC, an online platform that expanded access to private investments, and automated and integrated various processes amongst private fund service providers. He was also a core member of the Investment Products and Analytics team at Motif Investing, an online broker. Mr. Lodha started his career as a quantitative trader on an automated options market making desk at Citigroup in New York. Mr. Akhil holds a B.Tech. in Computer Science and Engineering from IIT Bombay and a Master of Science in Computational Finance from Carnegie Mellon University.

Rasheed Hammouda, Mr. Hammouda has a broad business background and experience in the financial services industry. He co-founded Bridge Financial Technology ("BridgeFT"), a portfolio management software and data infrastructure provider for investment advisers, banks, and FinTechs. Mr. Hammouda is a Director of BridgeFT, and formerly served as its Chief Executive Officer from 2015 to February 2022. Mr. Hammouda also serves as the Head of Product at Compound, formerly Alternativ, a digital wealth management and private investment platform. Mr. Hammouda serves as a guest lecturer and/or mentor on occasion at various institutions such as Northwestern University and DePaul University. He holds a Bachelor of Arts in Economics from Kalamazoo College and completed the General Course at the London School of Economics.

John Cooper. Mr. Cooper has significant experience in the investment management and financial services industry, including serving as the Managing Director, Head of US Distribution, and President of Morgan Stanley Distribution, Inc. He was previously the President, Chief Executive Officer, and Head of US Sales of Invesco Distributors, Inc. Mr. Cooper is currently an advisory board member of Alpha TrAI, a company that created an autonomous investment technology platform and offers various investment products. He is also a member of the advisory board of FLX Distribution, a fintech company focusing on asset management distribution, and transform AI. Mr. Cooper is a Founding Member of the Houston Chapter of Private Directors Association. He holds a Bachelor of Science in Marketing and Human Resources Management from Boston College.

The Trust does not believe any one factor is determinative in assessing a Trustee's qualifications, but that the collective experience of each Trustee makes them each highly qualified.

The following is a list of the Trustees and executive officers of the Trust and each person's principal occupation over the last five years. The business address of each Trustee and Officer is 327 W. Pittsburgh Street, Greensburg, PA 15601. All correspondence to the Trustees and Officers should be directed to c/o Ultimus Fund Solutions, LLC, 225 Pictoria Drive, Suite 450, Cincinnati, Ohio 45246.

Independent Trustees

Name and Year of Birth	Position/Term of Office*	Principal Occupation During the Past Five Years	Number of Funds in Fund Complex Overseen by Trustee**	Other Directorships held by Trustee During the Past Five Years
Akhil Lodha, 1985	Trustee, since June 2022	CEO of StratiFi since January 2016, a financial technology company empowering investment advisors to enlighten clients about risk to differentiate themselves, get better insights to build robust portfolios, and monitor accounts automatically to reduce business risk.	2	None

* Mr. Roth is an interested Trustee because he is also an officer of the Adviser.

**The term of office for each Trustee and officer listed above will continue indefinitely until the individual resigns or is removed.

***The term “Fund Complex” refers to both the Fund and the THOR Index Rotation ETF, another series of the Trust managed by the Adviser.

Audit Committee

The Board has an Audit Committee that consists of all the Independent Trustees. The Audit Committee’s responsibilities include: (i) recommending to the Board the selection, retention or termination of the Trust’s independent auditors; (ii) reviewing with the independent auditors the scope, performance and anticipated cost of their audit; (iii) discussing with the independent auditors certain matters relating to the Trust’s financial statements, including any adjustment to such financial statements recommended by such independent auditors, or any other results of any audit; (iv) reviewing on a periodic basis a formal written statement from the independent auditors with respect to their independence, discussing with the independent auditors any relationships or services disclosed in the statement that may impact the objectivity and independence of the Trust’s independent auditors and recommending that the Board take appropriate action in response thereto to satisfy itself of the auditor’s independence; and (v) considering the comments of the independent auditors and management’s responses thereto with respect to the quality and adequacy of the Trust’s accounting and financial reporting policies and practices and internal controls. The Audit Committee operates pursuant to an Audit Committee Charter. The Audit Committee is responsible for seeking and reviewing nominee candidates for consideration as Independent Trustees as is from time to time considered necessary or appropriate. The Audit Committee generally will not consider shareholder nominees. The Audit Committee is also responsible for reviewing and setting Independent Trustee compensation from time to time when considered necessary or appropriate. Rasheed Hammouda serves as chair of the Audit Committee. During the fiscal year ended August 31, 2024, the Audit Committee held three meetings.

Nominating and Governance Committee

The Board has a Nominating and Governance Committee that consists of all the Independent Trustees. The Committee's responsibilities (which may also be conducted by the Board) include: (i) recommend persons to be nominated or re-nominated as Trustees in accordance with the Independent Trustee's Statement of Policy on Criteria for Selecting Independent Trustees; (ii) review the Fund's officers, and conduct Chief Compliance Officer searches, as needed, and provide consultation regarding other CCO matters, as requested; (iii) reviewing trustee qualifications, performance, and compensation; (iv) review periodically with the Board the size and composition of the Board as a whole; (v) annually evaluate the operations of the Board and its committees and assist the Board in conducting its annual self-evaluation; (vi) make recommendations on the requirements for, and means of, Board orientation and training; (vii) periodically review the Board's corporate Governance policies and practices and recommend, as it deems appropriate, any changes to the Board; (ix) considering any corporate governance issues that arise from time to time, and to develop appropriate recommendations for the Board; and (x) supervising counsel for the Independent Trustees. John Cooper serves as the Chairman of the Nominating and Governance Committee. The Nominating and Governance Committee operates pursuant to a Nominating and Governance Committee Charter. During the fiscal year ended August 31, 2024, the Nominating and Governance Committee held one meeting.

Compensation

Each Trustee who is not affiliated with the Trust or an investment adviser to any series of the Trust (each an "Independent Trustee") receives a quarterly fee of \$1,250.00 to be paid by the Trust within 10 days of the commencement of each calendar quarter for his service as a Trustee of the Board and for serving in his respective capacity as Chair of the Audit Committee and Nominating and Governance Committee, as well as reimbursement for any reasonable expenses incurred for attending regularly scheduled Board and Committee meetings.

The Independent Trustee fees are compensated by the Trust, but the payments are made by the Adviser pursuant to the terms of unitary management fee paid to the Adviser by the Fund. None of the executive officers receive compensation from the Trust other than the Chief Compliance Officer.

The table below details the amount of compensation the Trustees received from the Fund for the fiscal year ending August 31, 2024. Each Independent Trustee is expected to attend all quarterly meetings during the year. The Trust does not have a bonus, profit sharing, pension or retirement plan.

Name and Position	Compensation From THOR Equal Weight Low Volatility ETF	Pension or Retirement Benefits Accrued as Part of Funds Expenses	Annual Benefits Upon Retirement	Total Compensation From Trust and Fund Complex*
John Cooper	\$5,000	\$0	\$0	\$5,000
Rasheed Hammouda	\$5,000	\$0	\$0	\$5,000
Akhil Lodha	\$5,000	\$0	\$0	\$5,000

* The term "Fund Complex" refers to both the Fund and the THOR Index Rotation ETF.

Management and Trustee Ownership

As of December 31, 2023, the Trustees beneficially owned the following amounts in the Fund:

Name of Trustee	Dollar Range of Equity Securities in the Fund	Aggregate Dollar Range of Equity Securities in All Registered Investment Companies Overseen by Trustee in Family of Investment Companies
John Cooper	None	None
Rasheed Hammouda	None	None
Akhil Lodha	None	None
Bradley Roth	\$100,001-\$500,000	\$100,001-\$500,000

CONTROL PERSONS AND PRINCIPAL HOLDERS

A principal shareholder is any person who owns (either of record or beneficially) 5% or more of the outstanding shares of a fund. A control person is one who owns, either directly or indirectly more than 25% of the voting securities of a company or acknowledges the existence of control. A control person is one who owns beneficially or through controlled companies more than 25% of the voting securities of a company or acknowledged the existence of control.

Although the Fund generally does not have information concerning the beneficial ownership of shares nominally held by the Depository Trust Company (“DTC”), the name and percentage of each DTC participant that owned 5% or more of the outstanding Shares of the Fund, as of December 3, 2024 is set forth below:

Name & Address	Shares	Percentage of Fund Share Class
Charles Schwab & Co. Inc/Special Custody A/C FBO Customers Attn Mutual Funds 211 Main Street San Francisco, CA 94105	2,546,516.0000	86.79%
National Financial Services, LLC 499 Washington Blvd Jersey City, NJ 07310	276,354.0000	9.42%

Charles Schwab & Co., Inc. is organized in the state of California and may be deemed to control the Fund.

Management Ownership Information.

As of December 3, 2024, the Trustees and officers of the Trust, as a group, beneficially owned less than 1% of the outstanding shares of the Fund.

INVESTMENT ADVISER

Investment Adviser and the Management Agreement

THOR Financial Technologies, LLC, 327 W. Pittsburgh Street, Greensburg, PA 15601, serves as the Fund’s investment adviser. The Adviser is registered with the SEC as an investment adviser under the Investment Advisers Act of 1940, as amended. The Adviser was founded in 2019.

Subject to the oversight of the Board, the Adviser is responsible for the overall management of the Fund’s investment-related business affairs. Pursuant to an investment advisory agreement (the “Management Agreement”) with the Trust, on behalf of the Fund, the Adviser, subject to the supervision of the Board, and in conformity with the stated policies of the Fund, manages the portfolio investment operations of the Fund. The Adviser has overall supervisory responsibilities for the general management and investment of the Fund’s securities portfolio, as detailed below, which are subject to review and approval by the Board. In general, the Adviser’s duties include setting the Fund’s overall investment strategies and asset allocation.

Pursuant to the Management Agreement, the Adviser shall act as the investment adviser to the Fund and, as such shall, perform each of the following: (i) obtain and evaluate such information relating to the economy, industries, business, securities markets and securities as it may deem necessary or useful in discharging its responsibilities here under, (ii) formulate a continuing program for the investment of the assets of the Fund in a manner consistent with its investment objective, policies and restrictions, and (iii) determine from time to time securities to be purchased, sold, retained or lent by the Fund, and implement those decisions, including the selection of entities with or through which such purchases, sales or loans are to be effected; provided, that the Adviser, or its designee, directly, will place orders pursuant to its investment determinations either directly with the issuer or with a broker or dealer, and if with a broker or dealer, (a) will attempt to obtain the best price and execution of its orders, and (b) may nevertheless in its discretion purchase and sell portfolio securities from and to brokers who provide the Adviser with research, analysis, advice and similar services and pay such brokers in return a higher commission or spread than may be charged by other brokers. The Adviser also

provides the Fund with all necessary office facilities and personnel for servicing the Fund's investments, compensates all officers, Trustees and employees of the Trust who are officers, directors or employees of the Adviser, and all personnel of the Fund or the Adviser performing services relating to research, statistical and investment activities.

In addition, the Adviser, subject to the oversight of the Board, provides the management and supplemental administrative services necessary for the operation of the Fund. These services include providing assistance in supervising relations with custodians, transfer and pricing agents, accountants, underwriters and other persons dealing with the Fund; assisting in the preparing of all general shareholder communications and conducting shareholder relations; assisting in maintaining the Fund's records and the registration of the Fund's shares under federal securities laws and making necessary filings under state securities laws; assisting in developing management and shareholder services for the Fund; and furnishing reports, evaluations and analyses on a variety of subjects to the Trustees.

The Fund pays an annual management fee (computed daily and payable monthly) of 0.55% of the Fund's average daily net assets to the Adviser pursuant to the Management Agreement. The Management Agreement provides that the Fund will pay all (i) brokerage expenses and other fees, charges, taxes, levies or expenses (such as stamp taxes) incurred in connection with the execution of portfolio transactions or in connection with creation and redemption transactions (including without limitation any fees, charges, taxes, levies or expenses related to the purchase or sale of an amount of any currency, or the patriation or repatriation of any security or other asset, related to the execution of portfolio transactions or any creation or redemption transactions); (ii) legal fees or expenses in connection with any arbitration, litigation or pending or threatened arbitration or litigation, including any settlements in connection therewith; (iii) extraordinary expenses (in each case as determined by a majority of the Independent Trustees); (iv) distribution fees and expenses paid by the Trust under any distribution plan adopted pursuant to Rule 12b-1 under the Act; (v) interest and taxes of any kind or nature (including, but not limited to, income, excise, transfer and withholding taxes); (vi) fees and expenses related to the provision of securities lending services; and (vii) the advisory fee payable to the Adviser. The internal expenses of pooled investment vehicles in which the Fund may invest (acquired fund fees and expenses) are not expenses of the Fund and are not paid by the Adviser. The Adviser will pay all other ordinary operating expenses of the Fund.

The Management Agreement continued in effect for two (2) years initially and shall continue from year to year provided such continuance is approved at least annually by (a) a vote of the majority of the Independent Trustees, cast in person at a meeting specifically called for the purpose of voting on such approval and by (b) the majority vote of either all of the Trustees or the vote of a majority of the outstanding shares of the Fund. The Management Agreement may be terminated without penalty on 60 days written notice by a vote of a majority of the Trustees or by the Adviser, or by holders of a majority of the Fund's outstanding shares (with respect to the Fund). The Management Agreement shall terminate automatically in the event of its assignment.

The table below provides information about the advisory fees paid to the Adviser by the Fund for the fiscal year/period ended August 31:

Fiscal Year	Fees Earned by the Adviser
August 31, 2024	\$303,885
August 31, 2023	\$475,584

Codes of Ethics

The Trust, the Adviser and the Distributor have each adopted codes of ethics (each a "Code") under Rule 17j-1 under the 1940 Act that governs the personal securities transactions of their board members, officers and employees who may have access to current trading information of the Trust.

In addition, the Trust has adopted a code of ethics (the "Trust Code"), which applies only to the Trust's executive officers to ensure that these officers promote professional conduct in the practice of corporate governance and management. The purpose behind these guidelines is to promote (i) honest and ethical conduct, including the ethical handling of actual or apparent conflicts of interest between personal and professional relationships; (ii) full, fair, accurate, timely, and understandable disclosure in reports and documents that the Trust files with, or submits to, the SEC and in other public communications made by the Fund; (iii) compliance with applicable governmental laws, rule and regulations; (iv) the prompt internal reporting of violations of the Trust Code to an appropriate person or persons identified in the Trust Code; and (v) accountability for adherence to the Trust Code.

Proxy Voting Policies

The Board has adopted Proxy Voting Policies and Procedures (“Policies”) on behalf of the Trust, which delegate the responsibility for voting proxies to the Adviser or its designee, subject to the Board’s continuing oversight. The Policies require that the Adviser or its designee vote proxies received in a manner consistent with the best interests of the Fund and shareholders. The Policies also require the Adviser or its designee to present to the Board, at least annually, the Adviser’s Proxy Policies, or the proxy policies of the Adviser’s designee, and a record of each proxy voted by the Adviser or its designee on behalf of the Fund, including a report on the resolution of all proxies identified by the Adviser as involving a conflict of interest.

Where a proxy proposal raises a material conflict between the Adviser’s interests and the Fund’s interests, the Adviser will resolve the conflict by voting in accordance with the policy guidelines or at the client’s directive using the recommendation of an independent third party. If the third party’s recommendations are not received in a timely fashion, the Adviser will abstain from voting the securities held by that client’s account. A copy of the Adviser’s proxy voting policies is attached hereto as Appendix A.

More information. Information regarding how the Fund voted proxies relating to portfolio securities held by the Fund during the most recent 12-month period ending June 30 is available (1) without charge, upon request, by calling the Fund at 1-800-974-6964, (2) on the Fund website at <https://thorffunds.com> and (3) on the SEC’s website at <http://www.sec.gov>. In addition, a copy of the Fund’s proxy voting policies and procedures are also available by calling 1-800-974-6964 and will be sent within three business days of receipt of a request.

THE DISTRIBUTOR

PINE Distributors LLC (the “Distributor”) located at 501 S. Cherry Street, Suite 610, Denver, CO 80246, serves as the principal underwriter and national distributor for the shares of the Fund pursuant to an ETF Distribution Agreement with the Trust (the “Distribution Agreement”). The Distributor is registered as a broker-dealer under the Securities Exchange Act of 1934 and each state’s securities laws and is a member of FINRA. The offerings of the Shares are continuous and the Distributor acts as an agent for the Trust. The Distributor will deliver a prospectus to persons purchasing Shares in Creation Units and will maintain records of both orders placed with it and confirmations of acceptance. The Distributor has no role in determining the investments or investment policies of the Fund.

The Distribution Agreement provides that, unless sooner terminated, it will continue in effect for two years initially and thereafter shall continue from year to year, subject to annual approval by (a) the Board or a vote of a majority of the outstanding shares, and (b) by a majority of the Trustees who are not parties to the Distribution Agreement or the Trust’s distribution plan or interested persons of the Trust or of the Distributor (“Qualified Trustees”) by vote cast in person at a meeting called for the purpose of voting on such approval.

The Distribution Agreement may at any time be terminated, without penalty by the Trust, by vote of a majority of the Qualified Trustees or by vote of a majority of the outstanding shares of the Trust on 60 days’ written notice to the other party. The Distribution Agreement will automatically terminate in the event of its assignment.

The Fund does not pay the Distributor any fees under the Distribution Agreement. However, the Adviser pays an annual fee to the Distributor plus reasonable out-of-pocket expenses incurred by Distributor in connection with activities performed for the Fund, including, without limitation, printing and distribution of prospectuses and shareholder reports, out of its own resources.

Rule 12b-1 Plan

The Trust, with respect to the Fund, has adopted the Trust’s ETF Distribution Plan Pursuant to Rule 12b-1 pursuant to Rule 12b-1 under the 1940 Act (the “Plan”) for Shares pursuant to which the Fund is authorized to pay the Distributor, as compensation for Distributor’s account maintenance services under the Plan. The Board has approved a distribution and shareholder servicing fee at the rate of up to 0.25% of the Fund’s average daily net assets. Such fees are to be paid by the Fund monthly, or at such other intervals as the Board shall determine. Such fees shall be based upon the Fund’s average daily net assets during the preceding month and shall be calculated and accrued daily. The Fund may pay fees to the Distributor at a lesser rate, as agreed upon by the Board and the Distributor. The Plan authorizes payments to the Distributor as compensation for providing account maintenance services to Fund shareholders, including arranging for certain securities dealers or brokers, administrators and others (“Recipients”) to provide these services and paying compensation

for these services. The Fund will bear their own costs of distribution with respect to its shares. The Plan was adopted in order to permit the implementation of the Fund's method of distribution. No fees are currently paid by the Fund under the Plan, and there are no current plans to impose such fees. In the event such fees were to be charged, over time they would increase the cost of an investment in the Fund.

The services to be provided by Recipients may include, but are not limited to, the following: assistance in the offering and sale of Fund shares and in other aspects of the marketing of the shares to clients or prospective clients of the respective recipients; answering routine inquiries concerning the Fund; assisting in the establishment and maintenance of accounts or sub-accounts in the Fund and in processing purchase and redemption transactions; making the Fund's investment plan and shareholder services available; and providing such other information and services to investors in shares of the Fund as the Distributor or the Trust, on behalf of the Fund, may reasonably request. The distribution services shall also include any advertising and marketing services provided by or arranged by the Distributor with respect to the Fund.

The Distributor is required to provide a written report, at least quarterly to the Board, specifying in reasonable detail the amounts expended pursuant to the Plan and the purposes for which such expenditures were made. Further, the Distributor will inform the Board of any Rule 12b-1 fees to be paid by the Distributor to Recipients.

The Plan may not be amended to increase materially the amount of the Distributor's compensation to be paid by the Fund, unless such amendment is approved by the vote of a majority of the outstanding voting securities of the Fund (as defined in the 1940 Act). All material amendments must be approved by a majority of the Board and a majority of the Rule 12b-1 Trustees by votes cast in person at a meeting called for the purpose of voting on the Plan. During the term of the Plan, the selection and nomination of non-interested Trustees of the Trust will be committed to the discretion of current non-interested Trustees. The Distributor will preserve copies of the Plan, any related agreements, and all reports, for a period of not less than six years from the date of such document and for at least the first two years in an easily accessible place.

Any agreement related to the Plan will be in writing and provide that: (a) it may be terminated by the Trust or the Fund at any time upon sixty days written notice, without the payment of any penalty, by vote of a majority of the respective Rule 12b-1 Trustees, or by vote of a majority of the outstanding voting securities of the Trust or the Fund; (b) it will automatically terminate in the event of its assignment (as defined in the 1940 Act); and (c) it will continue in effect for a period of more than one year from the date of its execution or adoption only so long as such continuance is specifically approved at least annually by a majority of the Board and a majority of the Rule 12b-1 Trustees by votes cast in person at a meeting called for the purpose of voting on such agreement.

PORTFOLIO MANAGERS

Bradley Roth and Cameron Roth are the Fund's portfolio managers. As of August 31, 2024, the portfolio managers are responsible for the portfolio management of the following types of accounts in addition to the Fund:

Name of Portfolio Manager	Total Other Accounts By Type	Total Number of Accounts by Account Type	Total Assets By Account Type	Number of Accounts by Type Subject to a Performance Fee	Total Assets By Account Type Subject to a Performance Fee
Bradley Roth	Registered Investment Companies	0	\$0	0	\$0
	Other Pooled Investment Vehicles	0	\$0	0	\$0
	<u>Other Accounts</u>	13,879	\$900,000,000	0	\$0
Cameron Roth	Registered Investment Companies	0	\$0	0	\$0
	Other Pooled Investment Vehicles	0	\$0	0	\$0
	<u>Other Accounts</u>	13,879	\$900,000,000	0	\$0

Conflicts of Interest

As a general matter, certain conflicts of interest may arise in connection with a portfolio manager's management of the Fund's investments, on the one hand, and the investments of other accounts for which the portfolio manager is responsible, on the other. For example, it is possible that the various accounts managed could have different investment strategies that, at times, might conflict with one another to the possible detriment of the Fund. Alternatively, to the extent that the same investment opportunities might be desirable for more than one account, possible conflicts could arise in determining how to allocate them. Other potential conflicts might include conflicts created by specific portfolio manager compensation arrangements, and conflicts relating to selection of brokers or dealers to execute the Fund's portfolio trades and/or specific uses of commissions from the Fund's portfolio trades (for example, research, or "soft dollars", if any). The Adviser has structured the portfolio managers' compensation in a manner reasonably designed to safeguard the Fund from being negatively affected as a result of any such potential conflicts.

Compensation

Both of the portfolio managers are owners of the Adviser and are compensated solely from the profits of the Adviser. They do not receive a salary or other bonuses related to managing the Fund.

Ownership of Securities

As of August 31, 2024, the portfolio managers beneficially owned the following amounts in the Fund:

Portfolio Manager	Dollar Range of Shares Beneficially Owned in the Fund
Bradley Roth	\$100,001-\$500,000
Cameron Roth	None

ALLOCATION OF PORTFOLIO BROKERAGE

Specific decisions to purchase or sell securities for the Fund are made by the portfolio managers who are employees of the Adviser. The Adviser is authorized by the Trustees to allocate the orders placed by them on behalf of the Fund to brokers or dealers who may, but need not, provide research or statistical material or other services to the Fund or the Adviser for the Fund's use. Such allocation is to be in such amounts and proportions as the Adviser may determine.

In selecting a broker or dealer to execute each particular transaction, the Adviser will take the following into consideration:

- the best net price available;
- the reliability, integrity and financial condition of the broker or dealer;
- the size of and difficulty in executing the order; and
- the value of the expected contribution of the broker or dealer to the investment performance of the Fund on a continuing basis.

Brokers or dealers executing a portfolio transaction on behalf of the Fund may receive a commission in excess of the amount of commission another broker or dealer would have charged for executing the transaction if the Adviser determines in good faith that such commission is reasonable in relation to the value of brokerage and research services provided to the Fund. In allocating portfolio brokerage, the Adviser may select brokers or dealers who also provide brokerage, research and other services to other accounts over which the Adviser exercises investment discretion. Some of the services received as the result of Fund transactions may primarily benefit accounts other than the Fund, while services received as the result of portfolio transactions effected on behalf of those other accounts may primarily benefit the Fund. For the fiscal period ended August 31, 2023, the Fund paid \$106,529 in brokerage commissions. For the fiscal year ended August 31, 2024, the Fund paid \$67,048 in brokerage commissions.

PORTFOLIO TURNOVER

The Fund's portfolio turnover rate is calculated by dividing the lesser of purchases or sales of portfolio securities for the fiscal year by the monthly average of the value of the portfolio securities owned by the Fund during the fiscal year. The calculation excludes from both the numerator and the denominator securities with maturities at the time of acquisition of

one year or less. High portfolio turnover involves correspondingly greater brokerage commissions and other transaction costs, which will be borne directly by the Fund. A 100% turnover rate would occur if all of the Fund's portfolio securities were replaced once within a one-year period. During the fiscal period ended August 31, 2023, the Fund's portfolio turnover rate was 440% of the average value of the portfolio. During the fiscal year ended August 31, 2024, the Fund's portfolio turnover rate was 445% of the average value of the portfolio.

OTHER SERVICE PROVIDERS

Fund Administration

Ultimus Fund Solutions, LLC, ("Ultimus" or the "Administrator"), which has its principal office at 225 Pictoria Drive, Suite 450, Cincinnati, OH 45246, and is primarily in the business of providing administrative, fund accounting and transfer agent services to retail and institutional mutual funds.

Pursuant to an ETF Master Services Agreement with the Fund, the Administrator provides administrative services to the Fund, subject to the supervision of the Board. The Administrator may provide persons to serve as officers of the Fund. Such officers may be directors, officers or employees of the Administrator or its affiliates.

The ETF Master Services Agreement is dated June 2, 2022. The agreement remains in effect for four years from the effective date of the agreement and will remain in effect subject to annual approval of the Board for one-year periods thereafter. The agreement is terminable by the Board or the Administrator on ninety days' written notice and may be assigned provided the non-assigning party provides prior written consent. This agreement provides that in the absence of willful misfeasance, bad faith or gross negligence on the part of the Administrator or reckless disregard of its obligations thereunder, the Administrator shall not be liable for any action or failure to act in accordance with its duties thereunder.

Under the ETF Master Services Agreement, the Administrator provides facilitating administrative services, including: (i) providing services of persons competent to perform such administrative and clerical functions as are necessary to provide effective administration of the Fund; (ii) facilitating the performance of administrative and professional services to the Fund by others, including the Custodian; (iii) preparing, but not paying for, the periodic updating of the Fund's registration statement, prospectuses and SAI in conjunction with Fund counsel, including the printing of such documents for the purpose of filings with the SEC and state securities administrators, and preparing reports to the Fund's shareholders and the SEC; (iv) preparing in conjunction with Fund counsel, but not paying for, all filings under the securities or "Blue Sky" laws of such states or countries as are designated by the Distributor, which may be required to register or qualify, or continue the registration or qualification, of the Fund and/or its shares under such laws; (v) preparing notices and agendas for meetings of the Board and minutes of such meetings in all matters required by the 1940 Act to be acted upon by the Board; and (vi) monitoring daily and periodic compliance with respect to all requirements and restrictions of the 1940 Act, the Tax Code and the Prospectus.

The Administrator also provides the Fund with accounting services, including: (i) daily computation of net asset value; (ii) maintenance of security ledgers and books and records as required by the 1940 Act; (iii) production of the Fund's listing of portfolio securities and general ledger reports; (iv) reconciliation of accounting records; (v) calculation of yield and total return for the Fund; (vi) maintenance of certain books and records described in Rule 31a-1 under the 1940 Act, and reconciliation of account information and balances among the Custodian and Adviser; and (vii) monitoring and evaluation of daily income and expense accruals, and sales and redemptions of shares of the Fund.

For administrative services rendered to the Fund under the agreement, the Administrator is entitled to receive the greater of an annual minimum fee or an asset based fee, which scales downward based upon net assets. For the fund accounting services rendered to the Fund under the Agreement, the Fund pays the Administrator the greater of an annual minimum fee or an asset based fee, which scales downward based upon net assets. The Administrator is also entitled to reimbursement for any out-of-pocket expenses. Under the Fund's unitary management fee, the Adviser pays the ordinary operating expenses of the Fund.

Transfer Agent

Brown Brothers Harriman & Co., located at 50 Post Office Square, Boston, MA 02110, acts as transfer, dividend disbursing, and shareholder servicing agent for the Fund pursuant to written agreement with Fund (the "Transfer Agent"). Under the agreement, the Transfer Agent is responsible for administering and performing transfer agent functions, dividend distribution, shareholder administration, and maintaining necessary records in accordance with applicable rules and regulations. Under the Fund's unitary management fee, the Adviser pays the ordinary operating expenses of the Fund.

Custodian

Brown Brothers Harriman & Co., located at 50 Post Office Square, Boston, MA 02110, (the “Custodian”), serves as the custodian of the Fund’s assets pursuant to a Custodian and Transfer Agent Agreement by and between the Custodian and the Trust on behalf of the Fund. The Custodian’s responsibilities include safeguarding and controlling the Fund’s cash and securities, handling the receipt and delivery of securities, and collecting interest and dividends on the Fund’s investments. Pursuant to the Custodian and Transfer Agent Agreement, the Custodian also maintains original entry documents and books of record and general ledgers; posts cash receipts and disbursements; and records purchases and sales based upon communications from the Adviser. The Fund may employ foreign sub-custodians that are approved by the Board to hold foreign assets.

Compliance Officer

PINE Advisor Solutions, LLC (“PINE”), 501 S. Cherry Street, Suite 1090, Denver, Colorado 80246, provides a Chief Compliance Officer to the Trust as well as related compliance services pursuant to a consulting agreement between PINE and the Trust. PINE’s compliance services consist primarily of reviewing and assessing the policies and procedures of the Trust and its service providers pertaining to compliance with applicable federal securities laws, including Rule 38a-1 under the 1940 Act. For the compliance services rendered to the Fund, the Fund pays PINE a one-time fee plus an annual asset based fee, which scales downward based upon net assets. The Fund also pays PINE for any out-of-pocket expenses.

DESCRIPTION OF SHARES

Each share of beneficial interest of the Trust has one vote in the election of Trustees. Cumulative voting is not authorized for the Trust. This means that the holders of more than 50% of the shares voting for the election of Trustees can elect 100% of the Trustees if they choose to do so, and, in that event, the holders of the remaining shares will be unable to elect any Trustees.

Shareholders of the current series of the Trust and any other future series of the Trust will vote in the aggregate and not by series except as otherwise required by law or when the Board determines that the matter to be voted upon affects only the interest of the shareholders of a particular series or classes. Matters such as election of Trustees are not subject to separate voting requirements and may be acted upon by shareholders of the Trust voting without regard to series.

The Trust is authorized to issue an unlimited number of shares of beneficial interest. Each share has equal dividend, distribution and liquidation rights. There are no conversion or preemptive rights applicable to any shares of the Fund. All shares issued are fully paid and non-assessable.

ANTI-MONEY LAUNDERING PROGRAM

The Trust has established an Anti-Money Laundering Compliance Program (the “Program”) as required by the Uniting and Strengthening America by Providing Appropriate Tools Required to Intercept and Obstruct Terrorism Act of 2001 (“USA PATRIOT Act”). To ensure compliance with this law, the Trust’s Program provides for the development of internal practices, procedures and controls, designation of anti-money laundering compliance officers, an ongoing training program and an independent audit function to determine the effectiveness of the Program.

Procedures to implement the Program include, but are not limited to, determining that the Fund’s Distributor and Transfer Agent have established proper anti-money laundering procedures, reporting suspicious and/or fraudulent activity and a providing a complete and thorough review of all new opening account applications. The Trust will not transact business with any person or entity whose identity cannot be adequately verified under the provisions of the USA PATRIOT Act.

PURCHASE, REDEMPTION AND PRICING OF SHARES

Calculation of Share Price

As indicated in the Prospectus under the heading “How Shares are Priced,” investors may buy and sell Shares in secondary market transactions through brokers at market prices and the Shares will trade at market prices. Only authorized participants may buy and redeem Shares from the Fund and those transactions are effected at the Fund’s NAV. The NAV

of the Fund's shares is determined by dividing the total value of the Fund's portfolio investments and other assets, less any liabilities, by the total number of shares outstanding of a Fund.

Generally, the Fund's portfolio securities (including underlying ETFs which hold portfolio securities primarily listed on foreign (non-U.S.) exchanges) are valued each day at the last quoted sales price on each security's primary exchange. Securities traded or dealt in upon one or more securities exchanges for which market quotations are readily available and not subject to restrictions against resale shall be valued at the last quoted sales price on the primary exchange or, in the absence of a sale on the primary exchange, at the mean between the current bid and ask prices on such exchange. Securities primarily traded in the NASDAQ National Market System for which market quotations are readily available shall be valued using the NASDAQ Official Closing Price. If market quotations are not readily available, securities will be valued at their fair market value as determined in good faith by the Fund's fair value committee in accordance with procedures approved by the Board and as further described below. Securities that are not traded or dealt in any securities exchange (whether domestic or foreign) and for which over-the-counter market quotations are readily available generally shall be valued at the last sale price or, in the absence of a sale, at the mean between the current bid and ask price on such over-the-counter market.

Certain securities or investments for which daily market quotes are not readily available may be valued, pursuant to guidelines established by the Board, with reference to other securities or indices. Treasury securities not traded on an exchange may be valued at prices supplied by a pricing agent(s) based on broker or dealer supplied valuations or matrix pricing, a method of valuing securities by reference to the value of other securities with similar characteristics, such as rating, interest rate and maturity or \ at amortized cost when it approximated fair value.

Shares are valued at the close of regular trading on the Exchange (normally 4:00 p.m., Eastern time) (the "Exchange Close") on each day that the Exchange is open. For purposes of calculating the NAV, the Fund normally use pricing data for domestic equity securities received shortly after the Exchange Close and does not normally take into account trading, clearances or settlements that take place after the Exchange Close.

When market quotations are insufficient or not readily available, the Fund may value securities at fair value or estimate their value as determined in good faith by the Board or its designees, pursuant to procedures approved by the Board. Fair valuation may also be used by the Board if extraordinary events occur after the close of the relevant market but prior to the Exchange Close.

Creation Units

The Fund sells and redeems Shares in Creation Units on a continuous basis through the Distributor, without a sales load, at the NAV next determined after receipt of an order in proper form on any Business Day. A "Business Day" is any day on which the Exchange is open for business. As of the date of this SAI, the Exchange observes the following holidays: New Year's Day, Martin Luther King, Jr. Day, Presidents' Day, Good Friday, Memorial Day, Juneteenth National Independence Day, Independence Day, Labor Day, Thanksgiving Day and Christmas Day.

A Creation Unit is an aggregation of 10,000 Shares for the Fund. The Board may declare a split or a consolidation in the number of Shares outstanding of the Fund or Trust and make a corresponding change in the number of Shares in a Creation Unit.

Authorized Participants

Only Authorized Participants that have entered into agreements with the Distributor may purchase or redeem Creation Units. In order to be an Authorized Participant, a firm must be either a broker-dealer or other participant ("Participating Party") in the Continuous Net Settlement System ("Clearing Process") of the NSCC or a participant in DTC with access to the DTC system ("DTC Participant"), and the Authorized Participant must execute an agreement ("Participant Agreement") with the Distributor that governs transactions in the Fund's Creation Units.

Each "Authorized Participant" enters into an authorized participant agreement with the Distributor.

On any given Business Day, the name and quantities of the instruments that constitute Deposit Instruments and the names and quantities of the instruments that constitute Redemption Instruments will correspond pro rata to the positions in the Fund's portfolio (including cash positions) used to calculate the Fund's NAV for that day, and will be identical. These instruments are, in the case of either a purchase or a redemption, the Creation Basket.

The prices at which creations and redemptions occur are based on the next calculation of NAV after a creation or redemption order is received in an acceptable form under the authorized participant agreement. In the event of a system failure or other

interruption, including disruptions at market makers or Authorized Participants, orders to purchase or redeem Creation Units either may not be executed according to the Fund’s instructions or may not be executed at all, or the Fund may not be able to place or change orders.

To the extent the Fund engages in in-kind transactions, the Fund intends to comply with the U.S. federal securities laws in accepting securities for deposit and satisfying redemptions with redemption securities by, among other means, assuring that any securities accepted for deposit and any securities used to satisfy redemption requests will be sold in transactions that would be exempt from registration under the Securities Act.

Because new Shares may be created and issued on an ongoing basis, at any point during the life of the Fund a “distribution,” as such term is used in the Securities Act, may be occurring. Broker-dealers and other persons are cautioned that some activities on their part may, depending on the circumstances, result in their being deemed participants in a distribution in a manner that could render them statutory underwriters subject to the prospectus delivery and liability provisions of the Securities Act. Any determination of whether one is an underwriter must take into account all the relevant facts and circumstances of each particular case. Broker-dealers should also note that dealers who are not “underwriters,” but are participating in a distribution (as contrasted to ordinary secondary transactions), and thus dealing with Shares that are part of an “unsold allotment” within the meaning of Section 4(a)(3)(C) of the Securities Act, would be unable to take advantage of the prospectus delivery exemption provided by Section 4(a)(3) of the Securities Act. For delivery of prospectuses to exchange members, the prospectus delivery mechanism of Rule 153 under the Securities Act is available only with respect to transactions on a national securities exchange.

Costs associated with creations and redemptions. Authorized Participants are charged standard creation and redemption transaction fees to offset transfer and other transaction costs associated with the issuance and redemption of Creation Units. The standard creation and redemption transaction fees are set forth in the table below. The standard creation transaction fee is charged to the Authorized Participant on the day such Authorized Participant creates a Creation Unit, and is the same regardless of the number of Creation Units purchased by the Authorized Participant on the applicable business day. Similarly, the standard redemption transaction fee is charged to the Authorized Participant on the day such Authorized Participant redeems a Creation Unit, and is the same regardless of the number of Creation Units redeemed by the Authorized Participant on the applicable business day. Creations and redemptions for cash (when cash creations and redemptions (in whole or in part) are available or specified) are also subject to an additional charge (as shown in the table below). This charge is intended to compensate for brokerage, tax, foreign exchange, execution, market impact and other costs and expenses related to cash transactions. Investors who use the services of a broker or other financial intermediary to acquire or dispose of Fund Shares may pay fees for such services.

Transaction Fees

A fixed fee payable to the Custodian is imposed on each creation and redemption transaction regardless of the number of Creation Units involved in the transaction (“Fixed Fee”). Purchases and redemptions of Creation Units for cash or involving cash-in-lieu (as defined below) are required to pay an additional variable charge to compensate the Fund and its ongoing shareholders for brokerage and market impact expenses relating to Creation Unit transactions (“Variable Charge,” and together with the Fixed Fee, the “Transaction Fees”). The Adviser may waive or adjust the Transaction Fees, including the Fixed Fee and/or Variable Charge (shown in the table below), from time to time. In such cases, the Authorized Participant will reimburse the Fund for, among other things, any difference between the market value at which the securities and/or financial instruments were purchased by the Fund and the cash-in-lieu amount, applicable registration fees, brokerage commissions and certain taxes. In addition, purchasers of Creation Units are responsible for the costs of transferring the Deposit Securities to the account of the Fund.

Fee for In-Kind and Cash Purchases	Maximum Additional Variable Charge for Cash Purchases*
\$200	2.00%

*As a percentage of the amount invested.

Investors who use the services of a broker, or other such intermediary may be charged a fee for such services.

The Clearing Process

Transactions by an Authorized Participant that is a Participating Party using the NSCC system are referred to as transactions “through the Clearing Process.” Transactions by an Authorized Participant that is a DTC Participant using the DTC system are

referred to as transactions “outside the Clearing Process.” The Clearing Process is an enhanced clearing process that is available only for certain securities and only to DTC participants that are also participants in the Continuous Net Settlement System of the NSCC. In-kind (portions of) purchase orders not subject to the Clearing Process will go through a manual clearing process run by DTC. Portfolio Deposits that include government securities must be delivered through the Federal Reserve Bank wire transfer system (“Federal Reserve System”). Fund Deposits that include cash may be delivered through the Clearing Process or the Federal Reserve System. In-kind deposits of securities for orders outside the Clearing Process must be delivered through the Federal Reserve System (for government securities) or through DTC (for corporate securities).

Purchasing Creation Units

Portfolio Deposit

The consideration for a Creation Unit generally consists of the Deposit Securities and a Cash Component. Together, the Deposit Securities and the Cash Component constitute the “Portfolio Deposit.” The Cash Component serves the function of compensating for any differences between the net asset value per Creation Unit and the Deposit Securities. Thus, the Cash Component is equal to the difference between (x) the net asset value per Creation Unit of the Fund and (y) the market value of the Deposit Securities. If (x) is more than (y), the Authorized Participant will pay the Cash Component to the Fund. If (x) is less than (y), the Authorized Participant will receive the Cash Component from the Fund.

On each Business Day, prior to the opening of business on the Exchange (currently 9:30 a.m., Eastern Time), the Adviser or its agent through the Custodian makes available through NSCC the name and amount of each Deposit Security in the current Portfolio Deposit (based on information at the end of the previous Business Day) for the Fund and the (estimated) Cash Component, effective through and including the previous Business Day, per Creation Unit. The Deposit Securities announced are applicable to purchases of Creation Units until the next announcement of Deposit Securities.

Payment of any transfer tax or fee shall be the sole responsibility of the Authorized Participant purchasing a Creation Unit.

Custom Orders and Cash-in-Lieu

The Fund may, in its sole discretion, permit or require the substitution of an amount of cash (“cash-in-lieu”) to be added to the Cash Component to replace any Deposit Security. The Fund may permit or require cash-in-lieu when, for example, a Deposit Security may not be available in sufficient quantity for delivery or may not be eligible for transfer through the systems of DTC or the Clearing Process. Similarly, the Fund may permit or require cash in lieu of Deposit Securities when, for example, the Authorized Participant has notified, or the underlying investor has notified the Authorized Participant, that a Deposit Security is restricted under U.S. or local securities laws. The Fund will comply with the federal securities laws in accepting Deposit Securities including that the Deposit Securities are sold in transactions that would be exempt from registration under the Securities Act. All orders involving cash-in-lieu, as well as certain other types of orders, are considered to be “Custom Orders.” The Fund may enter into other types of Custom Orders.

Purchase Orders

To order a Creation Unit, an Authorized Participant must submit an irrevocable purchase order to the Distributor.

Timing of Submission of Purchase Orders

An Authorized Participant must submit an irrevocable purchase order no later than the earlier of (i) 4:00 p.m. Eastern Time or (ii) the closing time of the trading session on the Exchange, on any Business Day in order to receive that Business Day’s NAV (“Cut-off Time”). The Cut-off Time for Custom Orders is generally two hours earlier. The Business Day the order is deemed received by the Distributor is referred to as the “Transmittal Date.” An order to create Creation Units is deemed received on a Business Day if (i) such order is received by the Distributor by the Cut-off Time on such day and (ii) all other procedures set forth in the Participant Agreement are properly followed. Persons placing or effectuating custom orders and/or orders involving cash should be mindful of time deadlines imposed by intermediaries, such as DTC and/or the Federal Reserve Bank wire system, which may impact the successful processing of such orders to ensure that cash and securities are transferred by the “Settlement Date,” which is generally the Business Day immediately following the Transmittal Date (“T+1”). The Fund reserves the right to settle Creation Unit transactions on a basis other than T+1, including a shorter settlement period, if necessary or appropriate under the circumstances and compliant with applicable law. For transactions shorter than T+1, the Fund will accept transactions between 8:00 a.m. to 9:30 a.m. Eastern time for settlement on that Business Day or between 4:00 p.m. and 5:00 p.m. Eastern day on the prior Business Day.

Orders Using the Clearing Process

If available, (portions of) orders may be settled through the Clearing Process. In connection with such orders, the Distributor transmits, on behalf of the Authorized Participant, such trade instructions as are necessary to effect the creation order. Pursuant to such trade instructions, the Authorized Participant agrees to deliver the requisite Portfolio Deposit to the Fund, together with such additional information as may be required by the Distributor. Cash Components will be delivered using either the Clearing Process or the Federal Reserve System.

Orders Outside the Clearing Process

If the Clearing Process is not available for (portions of) an order, Portfolio Deposits will be made outside the Clearing Process. Orders outside the Clearing Process must state that the DTC Participant is not using the Clearing Process and that the creation of Creation Units will be effected through DTC. The Portfolio Deposit transfer must be ordered by the DTC Participant on the Transmittal Date in a timely fashion so as to ensure the delivery of Deposit Securities (whether standard or custom) through DTC to the Fund account by 11:00 a.m., Eastern time, on T+1. The Cash Component, along with any cash-in-lieu and Transaction Fee, must be transferred directly to the Custodian through the Federal Reserve System in a timely manner so as to be received by the Custodian no later than 12:00 p.m., Eastern Time, on T+1. If the Custodian does not receive both the Deposit Securities and the cash by the appointed time, the order may be canceled. A canceled order may be resubmitted the following Business Day but must conform to that Business Day's Portfolio Deposit. Authorized Participants that submit a canceled order will be liable to the Fund for any losses incurred by the Fund in connection therewith.

Acceptance of Purchase Order

All questions as to the number of shares of each security in the Deposit Securities and the validity, form, eligibility and acceptance for deposit of any securities to be delivered shall be determined by the Fund. The Fund's determination shall be final and binding.

The Fund reserves the absolute right to reject or revoke acceptance of a purchase order transmitted to it by the Distributor if (a) the order is not in proper form; (b) the investor(s), upon obtaining the shares ordered, would own 80% or more of the currently outstanding shares of the Fund and if, pursuant to Section 351 of the Tax Code, the Fund would have a basis in the securities different from the market value of such securities on the date of deposit; (c) the Deposit Securities delivered do not conform to the Deposit Securities for the applicable date; (d) acceptance of the Deposit Securities would have certain adverse tax consequences to the Fund; (e) the acceptance of the Portfolio Deposit would, in the opinion of counsel, be unlawful; (f) the acceptance of the Portfolio Deposit would otherwise, in the discretion of the Trust, Fund or the Adviser, have an adverse effect on the Trust, Fund or the rights of beneficial owners; or (g) in the event that circumstances outside the control of the Trust, the Distributor and the Adviser make it for all practical purposes impossible to process purchase orders. Examples of such circumstances include acts of God; public service or utility problems resulting in telephone, telecopy or computer failures; fires, floods or extreme weather conditions; market conditions or activities causing trading halts; systems failures involving computer or other informational systems affecting the Trust, the Distributor, DTC, NSCC, the Adviser, the Custodian, a sub-custodian or any other participant in the creation process; and similar extraordinary events. The Distributor shall notify an Authorized Participant of its rejection of the order. The Fund, the Custodian, any sub-custodian and the Distributor are under no duty, however, to give notification of any defects or irregularities in the delivery of Portfolio Deposits, and they shall not incur any liability for the failure to give any such notification.

Issuance of a Creation Unit

Once the Fund has accepted an order, upon next determination of the Fund's NAV, the Fund will confirm the issuance of a Creation Unit, against receipt of payment, at such NAV. The Distributor will transmit a confirmation of acceptance to the Authorized Participant that placed the order.

Except as provided below, a Creation Unit will not be issued until the Fund obtains good title to the Deposit Securities and the Cash Component, along with any cash-in-lieu and Transaction Fee. The delivery of Creation Units will generally occur no later than T+1 except with respect to certain foreign securities.

In certain cases, Authorized Participants will create and redeem Creation Units on the same trade date. In these instances, the Trust reserves the right to settle these transactions on a net basis.

Cash Purchase Method

When cash purchases of Creation Units are available or specified for the Fund, they will be effected in essentially the same manner as in-kind purchases. In the case of a cash purchase, the investor must pay the cash equivalent of the Portfolio Deposit. In addition, cash purchases will be subject to Transaction Fees, as described above.

Redeeming a Creation Unit

Redemption Basket

The consideration received in connection with the redemption of a Creation Unit generally consists of an in-kind basket of designated securities (“Redemption Securities”) and a Cash Component. Together, the Redemption Securities and the Cash Component constitute the “Redemption Basket.”

There can be no assurance that there will be sufficient liquidity in Shares in the secondary market to permit assembly of a Creation Unit. In addition, investors may incur brokerage and other costs in connection with assembling a Creation Unit.

The Cash Component serves the function of compensating for any differences between the net asset value per Creation Unit and the Redemption Securities. Thus, the Cash Component is equal to the difference between (x) the net asset value per Creation Unit of the Fund and (y) the market value of the Redemption Securities. If (x) is more than (y), the Authorized Participant will receive the Cash Component from the Fund. If (x) is less than (y), the Authorized Participant will pay the Cash Component to the Fund.

The right of redemption may be suspended or the date of payment postponed: (i) for any period during which the NYSE is closed (other than customary weekend and holiday closings); (ii) for any period during which trading on the NYSE is suspended or restricted; (iii) for any period during which an emergency exists as a result of which disposal of the Shares or determination of the ETF’s NAV is not reasonably practicable; or (iv) in such other circumstances as permitted by the SEC, including as described below.

Custom Redemptions and Cash-in-Lieu

The Fund may, in its sole discretion, permit or require the substitution of cash-in-lieu to be added to the Cash Component to replace any Redemption Security. The Fund may permit or require cash-in-lieu when, for example, a Redemption Security may not be available in sufficient quantity for delivery or may not be eligible for transfer through the systems of DTC or the Clearing Process. Similarly, the Fund may permit or require cash-in-lieu of Redemption Securities when, for example, the Authorized Participant has notified, or the underlying investor has notified the Authorized Participant, that one or more redemption securities is restricted under U.S. or local securities law. The Fund will comply with the federal securities laws in satisfying redemptions with Redemption Securities, including that the Redemption Securities are sold in transactions that would be exempt from registration under the Securities Act. All redemption requests involving cash-in-lieu are considered to be “Custom Redemptions.”

Redemption Requests

To redeem a Creation Unit, an Authorized Participant must submit an irrevocable redemption request to the Distributor.

An Authorized Participant submitting a redemption request is deemed to represent to the Fund that it or, if applicable, the investor on whose behalf it is acting, (i) owns outright or has full legal authority and legal beneficial right to tender for redemption the Creation Unit to be redeemed and can receive the entire proceeds of the redemption, and (ii) all of the Shares that are in the Creation Unit to be redeemed have not been borrowed, loaned or pledged to another party nor are they the subject of a repurchase agreement, securities lending agreement or such other arrangement that would preclude the delivery of such Shares to the Fund. The Fund reserves the absolute right, in its sole discretion, to verify these representations, but will typically require verification in connection with higher levels of redemption activity and/or short interest in the Fund. If the Authorized Participant, upon receipt of a verification request, does not provide sufficient verification of the requested representations, the redemption request will not be considered to be in proper form and may be rejected by the Fund.

Timing of Submission of Redemption Requests

An Authorized Participant must submit an irrevocable redemption order no later than the Cut-off Time. The Cut-off Time for Custom Orders is generally two hours earlier. The Business Day the order is deemed received by the Distributor is referred to as the “Transmittal Date.” A redemption request is deemed received if (i) such order is received by the Distributor by the

Cut-off Time on such day and (ii) all other procedures set forth in the Participant Agreement are properly followed. Persons placing or effectuating Custom Redemptions and/or orders involving cash should be mindful of time deadlines imposed by intermediaries, such as DTC and/or the Federal Reserve System, which may impact the successful processing of such orders to ensure that cash and securities are transferred by the Settlement Date, as defined above.

Requests Using the Clearing Process

If available, (portions of) redemption requests may be settled through the Clearing Process. In connection with such orders, the Distributor transmits on behalf of the Authorized Participant, such trade instructions as are necessary to effect the redemption. Pursuant to such trade instructions, the Authorized Participant agrees to deliver the requisite Creation Unit(s) to the Fund, together with such additional information as may be required by the Distributor. Cash Components will be delivered using either the Clearing Process or the Federal Reserve System, as described above.

Requests Outside the Clearing Process

If the Clearing Process is not available for (portions of) an order, Redemption Baskets will be delivered outside the Clearing Process. Orders outside the Clearing Process must state that the DTC Participant is not using the Clearing Process and that the redemption will be effected through DTC. The Authorized Participant must transfer or cause to be transferred the Creation Unit(s) of shares being redeemed through the book-entry system of DTC so as to be delivered through DTC to the Custodian by 10:00 a.m., Eastern Time, on received T+1. In addition, the Cash Component must be received by the Custodian by 12:00 p.m., Eastern Time, on T+1. If the Custodian does not receive the Creation Unit(s) and Cash Component by the appointed times on T+1, the redemption will be rejected, except in the circumstances described below. A rejected redemption request may be resubmitted the following Business Day.

Acceptance of Redemption Requests

All questions as to the number of shares of each security in the Deposit Securities and the validity, form, eligibility and acceptance for deposit of any securities to be delivered shall be determined by the Trust. The Trust's determination shall be final and binding.

Delivery of Redemption Basket

Once the Fund has accepted a redemption request, upon next determination of the Fund's NAV, the Fund will confirm the issuance of a Redemption Basket, against receipt of the Creation Unit(s) at such NAV, any cash-in-lieu and Transaction Fee. A Creation Unit tendered for redemption and the payment of the Cash Component, any cash-in-lieu and Transaction Fee will be effected through DTC. The Authorized Participant, or the investor on whose behalf it is acting, will be recorded on the book-entry system of DTC.

The Redemption Basket will generally be delivered to the redeeming Authorized Participant within T+1. Except under the circumstances described below, however, a Redemption Basket generally will not be issued until the Creation Unit(s) are delivered to the Fund, along with the Cash Component, any cash-in-lieu and Transaction Fee.

In certain cases, Authorized Participants will create and redeem Creation Units on the same trade date. In these instances, the Trust reserves the right to settle these transactions on a net basis.

Cash Redemption Method

When cash redemptions of Creation Units are available or specified for the Fund, they will be effected in essentially the same manner as in-kind redemptions. In the case of a cash redemption, the investor will receive the cash equivalent of the Redemption Basket minus any Transaction Fees, as described above.

TAX STATUS

The following discussion is general in nature and should not be regarded as an exhaustive presentation of all possible tax ramifications. All shareholders should consult a qualified tax advisor regarding their investment in the Fund.

The initial capital raise from investors is expected to be made through in-kind contributions of securities from such investors in exchange for Shares. In-kind contributions may qualify for nonrecognition treatment to the contributing parties under

Section 351 of the Tax Code, assuming that the requirements of Section 351 are met, which would have corresponding consequences for the tax basis to the Fund in those contributed securities. There can be no assurances regarding the value or tax basis of the contributions in kind, which could result in a negative effect on after-tax returns to investors seeding the Fund, and/or other investors in the Fund.

If for any reason, including the failure of the contributing investors to provide the Fund with accurate information, the initial contribution of assets to the Fund in exchange for Shares fails to meet the requirements of Section 351, the contribution of assets will be treated as a taxable event and the contributing investors would recognize an immediate gain or loss on the contributed assets. The Fund makes no representations as to whether any of such in-kind contributions qualify for Section 351 treatment, or as to any ancillary tax consequences. Additionally, future changes in the Tax Code or regulations and interpretations applicable to Section 351 may impact the ability of contributing investors to take advantage of the deferral of immediate gains or losses on contributed assets. Neither the Fund nor the Adviser gives any assurance to the initial investors as to the tax characterization of their contribution of assets to the Fund in exchange for Shares. Investors making in-kind contributions to the Fund are urged to consult their own tax advisors.

The Fund intends to qualify and has elected to be treated as a regulated investment company under Subchapter M of the Tax Code, and intends to continue to so qualify, which requires compliance with certain requirements concerning the sources of its income, diversification of its assets, and the amount and timing of its distributions to shareholders. Such qualification does not involve supervision of management or investment practices or policies by any government agency or bureau. By so qualifying, the Fund should not be subject to federal income or excise tax on its net investment income or net capital gain, which are distributed to shareholders in accordance with the applicable timing requirements. Net investment income and net capital gain of the Fund will be computed in accordance with Section 852 of the Tax Code.

Net investment income is made up of dividends and interest less expenses. Net capital gain for a fiscal year is computed by taking into account any capital loss carryforward of the Fund. Capital losses may be carried forward indefinitely and retain the character of the original loss. Under pre-enacted laws, capital losses could be carried forward to offset any capital gains for eight years, and carried forward as short-term capital, irrespective of the character of the original loss. Capital loss carry forwards are available to offset future realized capital gains. To the extent that these carry forwards are used to offset future capital gains it is probable that the amount offset will not be distributed to shareholders.

As of August 31, 2024, the components of accumulated earnings on a tax basis were as follows:

<u>Undistributed Ordinary Income</u>	<u>Undistributed Long-Term Gains</u>	<u>Post October Loss and Late Year Loss</u>	<u>Capital Loss Carry Forwards</u>	<u>Other Book/Tax Differences</u>	<u>Unrealized Appreciation/ (Depreciation)</u>	<u>Total Accumulated Earnings/(Deficits)</u>
\$ 278,751	\$ —	\$ —	\$ (3,203,851)	\$ —	\$ 6,058,341	\$ 3,133,241

The Fund intends to distribute all of its net investment income, any excess of net short-term capital gains over net long-term capital losses, and any excess of net long-term capital gains over net short-term capital losses in accordance with the timing requirements imposed by the Tax Code and therefore should not be required to pay any federal income or excise taxes. Distributions of net investment income will be made annually for the Fund. Distributions of net capital gain, if any, will be made annually no later than December 31 of each year.

To be treated as a regulated investment company under Subchapter M of the Tax Code, the Fund must also (a) derive at least 90% of its gross income from dividends, interest, payments with respect to securities loans, net income from certain publicly traded partnerships and gains from the sale or other disposition of securities or foreign currencies, or other income (including, but not limited to, gains from options, futures or forward contracts) derived with respect to the business of investing in such securities or currencies, and (b) diversify its holding so that, at the end of each fiscal quarter, (i) at least 50% of the market value of the Fund's assets is represented by cash, U.S. government securities and securities of other regulated investment companies, and other securities (for purposes of this calculation, generally limited in respect of any one issuer, to an amount not greater than 5% of the market value of the Fund's assets and 10% of the outstanding voting securities of such issuer) and (ii) not more than 25% of the value of its assets is invested in the securities of (other than U.S. government securities or the securities of other regulated investment companies) any one issuer, two or more issuers that the Fund controls and that are determined to be engaged in the same or similar trades or businesses, or the securities of certain publicly traded partnerships.

If the Fund fails to qualify as a regulated investment company under Subchapter M in any fiscal year, it will be treated as a corporation for federal income tax purposes. As such the Fund would be required to pay income taxes on its net investment income and net realized capital gains, if any, at the rates generally applicable to corporations. Shareholders of the Fund

generally would not be liable for income tax on the Fund's net investment income or net realized capital gains in their individual capacities. Distributions to shareholders, whether from the Fund's net investment income or net realized capital gains, would be treated as taxable dividends to the extent of current or accumulated earnings and profits of the Fund.

The Fund is subject to a 4% nondeductible excise tax on certain undistributed amounts of ordinary income and capital gain under a prescribed formula contained in Section 4982 of the Tax Code. The formula requires payment to shareholders during a calendar year of distributions representing at least 98% of the Fund's ordinary income for the calendar year and at least 98.2% of its capital gain net income (i.e., the excess of its capital gains over capital losses) realized during the one-year period ending October 31 during such year plus 100% of any income that was neither distributed nor taxed to the Fund during the preceding calendar year. Under ordinary circumstances, the Fund expects to time its distributions so as to avoid liability for this tax.

The following discussion of tax consequences is for the general information of shareholders that are subject to tax. Shareholders that are IRAs or other qualified retirement plans are exempt from income taxation under the Tax Code.

Distributions of taxable net investment income and the excess of net short-term capital gain over net long-term capital loss are taxable to shareholders as ordinary income.

Distributions of net capital gain ("capital gain dividends") generally are taxable to shareholders as long-term capital gain; regardless of the length of time the shares of the Fund have been held by such shareholders.

Certain U.S. shareholders, including individuals and estates and trusts, are subject to an additional 3.8% Medicare tax on all or a portion of their "net investment income," which should include dividends from the Fund and net gains from the disposition of shares of the Fund. U.S. shareholders are urged to consult their own tax advisors regarding the implications of the additional Medicare tax resulting from an investment in the Fund.

Redemption of Fund shares by a shareholder will result in the recognition of taxable gain or loss in an amount equal to the difference between the amount realized and the shareholder's tax basis in his or her Fund shares. Such gain or loss is treated as a capital gain or loss if the shares are held as capital assets. However, any loss realized upon the redemption of shares within six months from the date of their purchase will be treated as a long-term capital loss to the extent of any amounts treated as capital gain dividends during such six-month period. All or a portion of any loss realized upon the redemption of shares may be disallowed to the extent shares are purchased within 30 days before or after such redemption.

Distributions of taxable net investment income and net capital gain will be taxable as described above, whether received in additional cash or shares. Shareholders electing to receive distributions in the form of additional shares will have a cost basis for federal income tax purposes in each share so received equal to the net asset value of a share on the reinvestment date.

All distributions of taxable net investment income and net capital gain, whether received in shares or in cash, must be reported by each taxable shareholder on his or her federal income tax return. Dividends or distributions declared in October, November or December as of a record date in such a month, if any, will be deemed to have been received by shareholders on December 31, if paid during January of the following year. Redemptions of shares may result in tax consequences (gain or loss) to the shareholder and are also subject to these reporting requirements.

Under the Tax Code, the Fund will be required to report to the Internal Revenue Service all distributions of taxable income and capital gains as well as gross proceeds from the redemption or exchange of Fund shares, except in the case of certain exempt shareholders. Under the backup withholding provisions of Section 3406 of the Tax Code, distributions of taxable net investment income and net capital gain and proceeds from the redemption or exchange of the shares of a regulated investment company may be subject to withholding of federal income tax in the case of non-exempt shareholders who fail to furnish the investment company with their taxpayer identification numbers and with required certifications regarding their status under the federal income tax law, or if the Fund is notified by the IRS or a broker that withholding is required due to an incorrect TIN or a previous failure to report taxable interest or dividends. If the withholding provisions are applicable, any such distributions and proceeds, whether taken in cash or reinvested in additional shares, will be reduced by the amounts required to be withheld.

INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Cohen & Company, Ltd. located at 1835 Market Street, Suite 310, Philadelphia, PA 19103, serves as the Fund's independent registered public accounting firm for the current fiscal year. The firm provides services including (i) audit of annual financial statements, and (ii) assistance and consultation in connection with SEC filings.

LEGAL COUNSEL

Thompson Hine LLP, 41 South High Street, Suite 1700, Columbus, Ohio 43215, serves as the Trust's legal counsel.

FINANCIAL STATEMENTS

The financial statements and report of the independent registered public accounting firm required to be included in this SAI are hereby incorporated by reference to the Fund's [Annual Form N-CSR for the fiscal year ended August 31, 2024](#). You can obtain copies of the Financial Statements without charge by calling the Fund at 1-800-974-6964.

APPENDIX A – ADVISER PROXY VOTING POLICIES AND PROCEDURES

Proxy Voting

Due to the nature of THOR's investment strategy, the Firm does not anticipate voting Client securities with any regularity. However, THOR has responsibility for voting proxies for Fund securities consistent with the best economic interests of the clients should the need to vote securities arise. THOR maintains written policies and procedures as to the handling, research, voting, and reporting of proxy voting and makes appropriate disclosures about the Firm's proxy policies and practices. THOR's policy and practice includes the responsibility to vote client proxies and disclose any potential conflicts of interest as well as making information available to clients about the voting of proxies for their portfolio securities and maintaining relevant and required records.

Responsibility

The CCO, or Designee, has the responsibility for the implementation and monitoring of our proxy voting policy, practices, disclosures, and recordkeeping, including outlining our voting guidelines in our procedures. To assist THOR in its responsibility for voting proxies and the overall proxy voting process, THOR may retain a third-party consultant.

Client Requests for Information

All client requests for information regarding proxy votes, or policies and procedures, received by any employee should be forwarded to the CCO or Designee. In response to any request, the CCO or Designee will prepare a written response to the client with the information requested, and as applicable will include the name of the issuer, the proposal voted upon, and how THOR voted the client's proxy with respect to each proposal about which client inquired.

Conflicts of Interest

THOR will identify any conflicts that exist between the interests of the adviser and the client by reviewing the relationship of THOR with the issuer of each security to determine if THOR or any of its employees has any financial, business, or personal relationship with the issuer. In circumstances when there may be a material conflict of interest between THOR's interests and clients' interests in how proxies are voted (such as, when THOR knows that the proxy issuer is also a THOR client), THOR will work with a third-party consultant to evaluate and mitigate or eliminate the conflict and to vote proxies in the Client's best interest. THOR will maintain a record of the voting resolution of any conflict of interest.

SEC Form N-PX

SEC Form N-PX is filed by the Fund's Administrator, by no later than August 31st of each year, and it details all proxies voted on behalf of the fund(s) for the prior twelve months ended June 30th. In connection with the filing on behalf of THOR Funds, the CCO must sign and return no later than July 30th the Form N-PX Certification to the Fund Trust stating THOR has adopted proxy voting policies and procedures in compliance with the SEC's Proxy Voting Rule.

Recordkeeping

THOR, in accordance with SEC recordkeeping rules, shall maintain for a period of at least five (5) years from the end of the fiscal year voted: a record of each proxy statement received regarding client securities, records of votes cast on behalf of clients, records of client requests for proxy voting information, a copy of any written response and all documents prepared by THOR regarding votes cast in contradiction to the pre-determined benchmark proxy voting guidelines, and all proxy voting policies and procedures and any amendments.

In the event proxy voting is required for any THOR Fund, THOR will elect to vote or not to vote proxies received in a manner consistent with the best interests of the Fund and shareholders. THOR will present to the Board, at least annually, THOR's Proxy Policies and a record of each proxy voted or not voted by THOR on behalf of the Fund, including a report on the resolution of all proxies identified by THOR involving a conflict of interest.

THOR will use its internal policies and procedures when collecting information for the Fund to complete and file Form N-PX (Form N-PX is used by the Fund to file reports with the SEC containing the Fund's proxy voting record for the most recent 12-month period ending June 30). Annually, THOR shall send voting information to the Fund's Administrator, who shall file Form N-PX with the SEC.
